Dear Lisa & Dennis:

We at Easton Country Day want to thank you so much for the fabulous presentation that Dennis gave here yesterday. Dennis is a natural teacher and story teller; he had the children's attention from the moment he began all the way until he ran out of time! Of course, the story is fascinating in and of itself, but his presentation and the wonderful projects he led them in really opened their minds to new vistas. Every teacher made it a point to thank me for having him, as did a great many students. This is a wonderful experience for any school. We really appreciate being able to have him with us.

Sincerely,
